this book aims to assess how the co tu peoples an ethnic minority living in the central region of vietnam benefit from

participation in a benefit sharing mechanism which allows legal collection of non timber forest products inside special use forests the research also examines social and cultural influences which impact on cultural harvesting and gender relations in the commune and households particularly in regards to local rights and roles in harvesting the products the results indicate that benefits from collecting non timber forest products after introduction of the benefit sharing mechanism were insignificant when compared with before its introduction furthermore development activities under the benefit sharing mechanism did not have any impact on local people in terms of diversification of livelihood strategies nor did it increase household income women in particular faced limitations in participating in the benefit sharing mechanism s program as a result of strong customary laws within their ethnic group however the benefit sharing mechanism did increase women s knowledge on equal rights and roles in access to and control over forest resources and their sense of responsibility in forest management and conservation back cover
