milton friedman is beyond question the most famous living economist of the 20th century he is closely associated with the doctrine of monetarism which has been adopted by many governments around the world this important two volume collection presents a major study of milton friedman s outstanding contribution to economics as a teacher at the university of chicago it shows how friedman s distinctive ideas about money markets and economic theory communicated in the classroom and in thesis committees influenced an entire generation of economists it also reveals his influence on graduate education practices at the university of chicago and elsewhere

this book examines the controversy between the early stoics and the skeptics of the academy regarding the criterion of truth for two hundred years the two schools debated the possibility of verifying the accuracy of our perceptions and in the course of argument each altered its position adopting some of the arguments of its opponents until a compromise was reached in the so called

eclectic movement the book approaches this controversy from the standpoint of the history of ideas to show it as less a rivalry between schools than a debate within a shared tradition as the first full length treatment of the criterion controversy to utilize this approach it clarifies more than ever before the community of thought between stoa and academy

an oracle was reported to have said no one is wiser than socrates and in fact it was socrates life s work to interpret these words which demanded and defined the practice of philosophy each of these original essays attends carefully to the specifics of the apology looking to its dramatic details its philosophic teaching and its complexity as a work of writing to bring into focus the socrates of the apology overall the contributors distinguished scholars of ancient philosophy share a belief in the unity of the letter and the spirit of platonic philosophy the conviction that the platonic text cannot be reached except through reading and cannot be read except through thinking in this way the readings in this volume mirror socrates own hermeneutical practice of uniting the demands of the mind and the demands of the text the socratic examination the result true to the socratic injunction that the unexamined life is not worth living continues that practice of examination here offering a reexamination of socrates in the apology

inquiry and the literary text will help newcomers and veterans alike make the most of student discussion and inquiry in classrooms from middle school to high school to college the contributors secondary and college practitioners offer theory grounded classroom tested approaches for literature study in which students engage in democratic dialogue and practice authentic collaborative inquiry the book opens with a concise primer on discussion based classes seminars and inquiry focused instruction it then moves into three main sections that provide ideas to invigorate discussion and inquiry in any classroom and it closes with an annotated bibliography of suggested readings
